

PTI-Aktivisten in Hyderabad vor Gericht: Festnahmen und Freilassungen!

In Hyderabad wurden mehrere PTI-Aktivisten wegen der Planung von Imran Khans Geburtstag festgenommen; 18 Personen angeklagt.

In Hyderabad, several activists from the Pakistan Tehreek-e-Insaf (PTI) have been booked for planning an event to celebrate the birthday of the party's founder. A total of 18 key PTI leaders, including seven chairmen and vice chairmen from various union councils, were charged under different provisions at multiple police stations. The authorities did not identify around 200 men and 30 women associated with the party who were also implicated in the case.

Meanwhile, a local court in Badin has accepted bail applications for eight arrested PTI members, allowing their release from detention. According to PTI Deputy Leader Aziz Bakari, the bail was granted by Second Civil Judge Mushtaq Ali Lakhir, and among those released were known leaders like Jevat Ram and Ghulam Qasim Khaskheli. This development comes amidst tensions related to political gatherings in the region, raising questions about the handling of such events by law enforcement.
