

Tarigami führt in Kulgam: Chancen und Herausforderungen im Wahlkampf!

MY Tarigami führt in Kulgam bei den J&K-Wahlen 2024. Die Ergebnisse des Wahlkampfs werden am 8. Oktober bekannt gegeben.

Senior Communist Party of India (Marxist) leader MY Tarigami has taken the lead in the Kulgam constituency during the ongoing assembly election results announced on October 8. Despite his strong position, Tarigami faces stiff competition from independent candidate Sayyar Ahmad Reshi, who is backed by the Jamaat, as votes are being counted. Tarigami, a seasoned politician and four-time MLA, has been a prominent figure in the region, advocating for various developmental initiatives.

With a political career spanning decades, Tarigami's activism began at 18, leading protests for student rights and farmers' issues, even facing imprisonment for his efforts. His extensive experience includes multiple terms in the Jammu and Kashmir Legislative Assembly since 1996, and he currently serves as the convenor for the People's Alliance for Gupkar Declaration. As the vote count continues, the outcome remains uncertain, drawing attention to his past as he appeals to constituents based on his record of development and his critique of his opponent's alleged ties to violence and militancy.
